LINE MANAGER-AER08210

Description

We are currently seeking Line Manager to play a key role in meeting the goals of the business in today's challenging and changing environment; the assignment may be for day, afternoon, midnight or weekend shift.

Responsibilities:

- Achieve the required Operations Unit performance by supporting and implementing the operating plan ensuring adherence to quality, cost and schedule.
- Plan, implement and control functional activities in order to achieve the Operations Unit targets.
- Coach/develop and provide feedback to employees and address their issues.
- Ensure that all team members understand their role and performance in achieving the Operations Unit plan.
- Utilize Six Sigma/Blitz to ensure best practice in both quality and cost for Operations Unit deliverables.
- Maintain housekeeping standards to ensure a safe working environment.
- Ensure functional role is integrated into Operations Unit resulting in a one-team approach.
- Ensure the right resources are available to meet projected workload delivery on quality, cost and schedule.
- Maintain an equitable work environment.

Qualifications

- Post secondary degree/diploma in technical discipline is preferred.
- In depth knowledge and experience in budgeting control; manufacturing and scheduling.
- In depth knowledge of the Collective Agreement.
- Must be flexible and able to work various shifts, including weekends.
- A successful candidate possesses the following: ethics, integrity and honesty; respect for others; cooperation; motivation to get things done; ability to express ideas logically and coherently; positive attitude; ability to overcome obstacles; assumes full responsibility; utilizes the appropriate resources to solve day-to-day problems; reacts quickly to unforeseen events.
- The successful candidate may be required to work **rotating shifts**.
